1. No aircraft were stationed at the Halle-Mietleben (M 52/0 82) airfield on 10 and 12 September 1950. The former air force barracks north of the field were occupied by Soviet soldiers who wore red-bordered black epaulets. The landing field was overgrown with weeds, and debris of buildings was scattered about. There were no indications of intended reoccupation of the field. \*

25X1A \* Comment. No other reports have been received indicating that the field is occupied by an air unit. The landing field is serviceable. The occupation of the barracks buildings by an army unit was reported in March 1950. See [REDACTED]
